LIBRE SUPPORT

1:1 patient training

Patients and caregivers can self-register or you can register them on their behalf to receive personalized onboarding by phone from a certified diabetes educator from the comfort of their home or anywhere they choose.

FLEXIBLE

Patients schedule a time that works for them

CONVENIENT

Patients receive training from anywhere and invite family members to join if they wish

PERSONALIZED

Tailored to individual needs and available in over 100 languages

2 WAYS TO REGISTER

1-833-855-4273

Scan to enroll

This Program is available for patients with Type 1, Type 2, or gestational diabetes and/or caregivers supporting these patients. Patients ages 4-17 are eligible for the Program through their parent or guardian. The Program is not provided as any inducement for future purchases. This Program is void where prohibited by law. Abbott may modify or rescind this Program at any time without notice.

GROUP TRAINING

Live educational sessions for patients

We can partner with you to provide educational training for your patients at your facility—you invite the patients and your representative will handle the rest.

COMMUNITY

Patients learn with and from one another

HANDS-ON LEARNING

Great for patients who are better at learning by doing

CARE TEAM PARTICIPATION

Observe and support your patients through the session

**Ask your representative
how to set up your first session**

FreeStyle Libre

Beyond our
programs, our
Customer Care
team is here
to help.

**855-632-8658, 7 days a week
8am - 8pm ET; excluding holidays**

Need help with a sensor issue?

Submit a sensor support request at
[FreeStyle.Abbott/supportform](https://www.freestyleprovider.abbott/us-en/supportform)

Help your patients turn small steps
into big wins. **This is progress.**

The FreeStyle Libre systems apps are only compatible with certain mobile devices and operating systems. Please check the Support section of our website for more information about device compatibility before using the app. Use of the FreeStyle Libre systems apps may require registration with LibreView.

Medicare and other payor criteria may apply.

IMPORTANT SAFETY INFORMATION

Failure to use FreeStyle Libre systems as instructed in labeling may result in missing a severe low or high glucose event and/or making a treatment decision, resulting in injury. If glucose reading and alarms (if enabled) do not match symptoms or expectations, use a fingerstick value from a blood glucose meter for treatment decisions. Get medical attention when appropriate. Abbott Customer Service: 855-632-8658 or visit <https://www.freestyleprovider.abbott/us-en/safety-information.html> for safety info.

The sensor housing, FreeStyle, Libre, and related brand marks are marks of Abbott.
