Medicare coverage is available for the FreeStyle Libre systems if their respective readers are used to review glucose data on some days every month. Medicare and other third party payor criteria apply. Abbott provides this information as a courtesy, it is subject to change and interpretation. The customer is ultimately responsible for determining the appropriate codes, coverage, and payment policies for individual patients. Abbott does not guarantee third party coverage or payment for our products or reimburse customers for claims that are denied by third party payors.

*Check ICD-10 code list in the LCD-related Policy Article for applicable diagnoses. †See the Policy Specific Documentation Requirements section of the LCD-related Policy Article.

E-Prescribing

E-Prescribing is a prescriber’s ability to electronically send an accurate, error-free and understandable prescription directly to a pharmacy, or DME supplier, from the point-of-care and is an important element in improving the quality of patient care¹.

The FreeStyle Libre systems are available to order through DME suppliers using a variety of E-Prescribing platforms.

Some examples are:

www.parachutehealth.com

DMEscripts.com

This listing of electronic prescribing platforms are in reverse alphabetical order and ADC has no preference on the E-Prescribing platform selected from the list.

The FreeStyle Libre systems may be available through other E-Prescribing platforms not listed here.

Important Safety Information

Failure to use FreeStyle Libre 2 or FreeStyle Libre 3 systems as instructed in labeling may result in missing a severe low or high glucose event and/or making a treatment decision, resulting in injury. If glucose alarms and readings do not match symptoms or expectations, use a fingerstick value from a blood glucose meter for treatment decisions. Seek medical attention when appropriate or contact Abbott at 855-632-8658 or <https://www.FreeStyle.abbott/us-en/safety-information.html> for safety info.
