

FreeStyle

**Libre 3** PLUS

Sensor

One sensor  
for all people  
with diabetes\*.

This is progress.

The FreeStyle Libre 3 system includes the FreeStyle Libre 3 Plus sensor, FreeStyle Libre 3 sensor, FreeStyle Libre 3 app, Libre App, and the FreeStyle Libre 3 reader.

\*FreeStyle Libre 3 system is cleared to be used by children 4 years and older with Libre 3 sensor and 2 years and older with Libre 3 Plus sensor.

See page 6 for Important Safety Information.

# Abbott is committed to delivering advanced technology and support solutions.

## With our free support services, you can focus on personalized patient care.

Co-pay assistance instantly lowers your patient's out-of-pocket costs\*<sup>1</sup>, right at the register

Sensor replacement and live customer support 7 days a week

Personalized support and 1:1 education by certified diabetes education specialists

Medicare and other payor criteria may apply.

Abbott provides this information as a courtesy and does not guarantee payment or coverage.

FreeStyle Libre 3 system is cleared to be used by children 4 years and older with Libre 3 sensor and 2 years and older with Libre 3 Plus sensor.

\*Based on prescription claims for commercially insured patients using the FreeStyle Libre personal CGM systems. Does not include Medicare, Medicaid, uninsured, and other federal or state healthcare program patients. The actual amount a patient pays may vary. The FreeStyle Libre 3 Plus sensor requires a prescription. <sup>†</sup>Benefits apply to FreeStyle Libre 3 Plus sensors and FreeStyle Libre 3 readers. Void where prohibited by law. Abbott may modify, rescind, or revoke these benefits at any time without notice. Offer available to commercially insured patients only. These benefits are not available to beneficiaries of Medicare, Medicaid or other federal or state healthcare programs. For Massachusetts residents, only those patients responsible for the full cost of the product may be eligible to receive these benefits. These benefits are only available at participating pharmacies, which are subject to change without notice. The actual amount a patient pays may vary.

# The world's smallest\*<sup>1</sup> sensor for the smallest arms.

Smaller than two stacked pennies!

- Libre Plus CGMs: the first and only<sup>1</sup> 15-day sensors for all ages (2+)<sup>2,3</sup>
- Easy to apply<sup>4</sup> and use<sup>5</sup> requiring no in-person training<sup>1</sup> or user calibration
- Wearable for 15 days through bathing, swimming<sup>†</sup>, and playful activity

1/4 the  
on-body size of the  
Dexcom G7 sensor<sup>‡1</sup>  
No overpatch  
required

*For illustrative purposes only.*

CGM=continuous glucose monitor; IBOA=isobornyl acrylate; MBPA=2,2'-methylenebis(6-tert-butyl-4-methylphenol) monoacrylate

FreeStyle Libre 3 system is cleared to be used by children 4 years and older with Libre 3 sensor and 2 years and older with Libre 3 Plus sensor.

\*Among patient-applied sensors. †Sensor is water-resistant in up to 1 meter (3 feet) of water. Do not immerse longer than 30 minutes. ‡Skin coverage comparison based on manufacturer-supplied overpatch for the Dexcom G7 sensor that is required for use in the US. §IBOA and MBPA not detected at test method limit of detection of 0.0016µg per device and 0.0079µg per device.

**Important Safety Information**

Failure to use FreeStyle Libre systems as instructed in labeling may result in missing a severe low or high glucose event and/or making a treatment decision, resulting in injury. If glucose reading and alarms (if enabled) do not match symptoms or expectations, use a fingerstick value from a blood glucose meter for treatment decisions. Get medical attention when appropriate. Abbott Customer Service at 855-632-8658 or visit <https://www.freestyleprovider.abbott/us-en/safety-information.html> for safety info.
